How We Measure Quality-of-Care

This Skilled Nursing Facility Provider Profile was created to help you select a local center with a history of success serving patients with conditions similar to yours. This profile includes information about the quality, value, and clinical services delivered at each center. We utilized Medicare Star Ratings (available at <https://data.medicare.gov/>), historic Medicare claims data for patients served at each center, and information reported by each center to understand the capabilities and services available.

Quality Information Highlighted

Although this profile highlights your local options, understanding a center's performance compared to national practices can be a helpful way of assessing quality.
